CHETAN JOSHI

SOFTWARE DEVELOPER

9175028446 • ckjoshi251201@gmail.com

SUMMARY

I am an enthusiastic IT fresher with a strong interest in technology and software development. I enjoy learning new concepts and adapting quickly to changing environments. With a natural ability to take initiative and lead when needed, I work well both independently and as part of a team. I am passionate about building practical solutions and continuously improving my technical and problem-solving skills.

WORK EXPERIENCE

Associate Software Engineer, Tech Mahindra **August, 2024 – November,2024**

- Worked on the SAP ABAP and BASIS platform . Solved client tickets at 70%+ efficiency.

EDUCATION

Diploma in Advance Computing

- Graduated: August, 2025

Bachelor of Engineering, Computer

- Graduated: July, 2024

PROJECTS

- **Event Management System** : Designed and developed a full-stack web application to manage event planning and execution with role-based access for Admin, Manager, Employee, and Customer. Features include secure login, user and task management, event booking, venue and catering assignment, PDF generation, and payment integration. Used React for frontend, Spring Boot for backend APIs, and MySQL for database.

- **Image Retrieval of Multispectral Satellite Images**: This project develops a neural network based approach to improve multispectral image retrieval for remote sensing.
